

FOR THOSE WHO TRAINED HARD TO COME BACK STRONGER

TART CHERRY + ASHWAGANDHA **RECOVERY BUILT FOR POST-GAME** **SUNDAYS**

As the NFL season kicks off, it's not just the players who need to recover. You've trained hard, pushed limits, and made every rep count. Now it's time to bring that same intensity to your recovery.

Celsius's new tart cherry + ashwagandha drink is built for the moments between the grind and the comeback.

Formulated with Tart Cherry and Ashwagandha, it delivers 200mg of clean, crash-free energy—without the sugar, without the spikes.

Whether you're cooling down after Sunday practice or resetting between game-day watch parties, this formula supports mind and body recovery the way serious athletes need it.

Train. Recover. Repeat. Celsius.

Celsius is here for what comes after.
